EXPERIENCE

Product Designer - Jungleworks

August 2024 – June 2026

- Led end-to-end design of SaaS and AI-powered products from discovery to delivery.
- Collaborated with product managers and engineers to define requirements and deliver user-centric solutions.
- Conducted user research and usability testing to identify pain points and improve product experiences.
- Designed wireframes, prototypes, and high-fidelity interfaces for web and mobile platforms.
- Simplified complex workflows and data-heavy dashboards to improve usability and efficiency.
- Contributed to feature prioritization and product roadmap discussions based on user and business needs.
- Maintained design consistency through scalable design systems and reusable components.

PROJECTS

SuperHippo AI (SaaS Platform)

AI-Powered Voice Agent Platform

- Led the design of AI voice agent management workflows and configuration experiences.
- Created dashboards and analytics interfaces for monitoring agent performance.
- Designed scalable UI components and user flows to improve usability.
- Collaborated with product managers and engineers to deliver customer-facing features.

Outplay (SaaS Platform)

Sales Engagement SaaS Platform

- Designed user experiences for sales engagement and outreach automation workflows.
- Improved navigation and information architecture across key product modules.
- Created wireframes, prototypes, and high-fidelity designs for new features.
- Worked closely with cross-functional teams to ensure seamless implementation.

Yelo (Hyperlocal Commerce Platform)

Hyperlocal Commerce Platform

- Designed merchant, admin, and customer-facing experiences for ordering and delivery operations.
- Simplified complex workflows to improve operational efficiency.
- Enhanced platform usability through iterative design improvements and feedback.
- Contributed to feature enhancements supporting business growth and scalability.

Jugnoo (Mobility & Delivery Platform)

Mobility & Delivery Platform

- Worked on booking, tracking, and operational workflows across web and mobile platforms.
- Improved user journeys to reduce friction and streamline task completion.
- Designed intuitive interfaces for both end users and operational teams.
- Collaborated with stakeholders to deliver user-centered product improvements.

CORE SKILLS

Product and Leadership

- Product and Platform UX
- Stakeholder Management and cross functional collaboration
- User Research and Ux Strategy

Tools

- Figma
- Figjam
- Adobe Creative Suite
- Adobe Premiere Pro

Certifications

- UI/UX Fundamentals
- Graphic Designing Course
- Premiere pro- Basic to Advance

EDUCATION

I.K. Gujral Punjab Technical University Jalandhar, Punjab

BTech in Computer Science and Engineering

CORE COMPETENCIES

- Product Design • UX Design • UI Design
- SaaS • Mobile App Design • Figma • Prototyping • Usability Testing • Design Systems • Agile • A/B Testing • WCAG Accessibility • Information Architecture • Design Thinking • User Research • Cross-functional Collaboration
